

Summer Reading — Finding Good Books is **E**-asier than Ever

Whether you relish flipping pages in a hard copy book or love the simplicity of eBooks, summer reading has never been more accessible. Check your summer list & make sure reading is at the top. **Here's why:**

- ✓ **Reading combats the summer slide**—children who don't read during the summer can stagnate or fall behind their peers who are reading
- ✓ **The more your child reads, the more they will comprehend**—the process of reading daily in the summer grows comprehension
- ✓ **A good book allows the imagination to soar**—while children have a lot of fun on computer games, books bring a child's imagination to life

Check Out Your Library

Fortunately for parents, there are so many more ways to find and read a good book. Your local Wimberley Village Library offers incentives and a myriad of ways to check out a book—even without visiting them in person.

📖 **OverDrive Library**—As a library cardholder, download books to your smart phone, tablet or e-reader

📖 **Online Catalogue**—Find & read a book online

📖 **Interlibrary Request**—Find your book at another library

📖 **Drop in & Check out**—Library is open daily except Sunday

The Library's Summer Reading program is underway from toddlers to adults. Pick up your reading log and start earning rewards.

Read With Your Child

- ★ **Help your child find a book they love**—encourage reading 30 minutes a day
- ★ **Provide incentives for reluctant readers**—a game of basketball or a trip to the ice cream shop
- ★ **Make reading social**—establish a time to read together as a family
- ★ **Connect Reading to Family Outings**—if you are visiting an aquarium, read a book on fish before the outing
